

# Disposal of Decommissioned, Defueled Ex-Enterprise (CVN 65) and its Associated Naval Reactor Plants

Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS)

## The U.S. Navy invites you to participate in the EIS/OEIS process.

The Navy requests your input on the scope of the EIS/OEIS.  
You can participate in several ways:

- Attend an open house scoping meeting to learn more and submit comments.
- Submit written comments to:  
Congressional and Public Affairs Office  
Puget Sound Naval Shipyard & Intermediate Maintenance Facility  
Attn: Kellie Randall, CVN 65 EIS  
1400 Farragut Ave., Stop 2072  
Bremerton, WA 98314-2072

Visit the project website at [www.CarrierDisposalEIS.com](http://www.CarrierDisposalEIS.com)  
to learn more and submit comments.

Traducción al español de documentos importantes está disponible  
en el sitio web.

## OPEN HOUSE SCOPING MEETINGS: 5 to 8 p.m.

The meetings will include informational poster  
stations staffed by Navy representatives.

estará disponible en la  
reunión en Brownsville.*

*Individuals requiring reasonable accommodations may contact  
Kellie Randall, Congressional and Public Affairs Officer at (360) 476-7111.*

**Comments must be postmarked or received online by July 15, 2019, for consideration in the Draft EIS.**

## PROPOSED ACTION

The proposed action is to dispose of the decommissioned, defueled ex-Enterprise (CVN 65) aircraft carrier to include its reactor plants. The proposed action would entail dismantling and recycling the remnant hull sections of the ex-Enterprise at a designated facility in accordance with applicable federal, state, and local laws, and the removal and packaging of the ex-Enterprise reactor plants for transportation and disposal as low-level radioactive waste to authorized disposal site(s).

The purpose of the proposed action is to reduce the Navy's inactive ship inventory, eliminate costs associated with maintaining the ship in a safe stowage condition, and dispose of legacy radiological and hazardous wastes in an environmentally responsible manner, while meeting the operational needs of the Navy.

The Navy welcomes public comments on potential viable alternatives and environmental issues for analysis during the scoping period.
